

Mathematics Colloquium at IUB

GERD FALTINGS

(MPI für Mathematik, Bonn)

will speak on

Theta Functions on Moduli Spaces of Bundles

Date: Monday, September 4, 2006

Time: 17:15

Place: Lecture Hall Research II, IUB

Abstract:

The classical theta function has been introduced by Riemann. We describe some generalisations, their usefulness for projective embeddings, and some open problems for moduli-spaces related to exceptional groups.

Colloquium Tea at ca. 16:45 in the Tea Room of Research II, close to the lecture hall. Everybody is welcome!
